EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Garrett on 4/1/08.

The application has been amended as follows:

IN THE CLAIMS:

Cancelled claims 6, 36, 69 and 75.

2. The following is an examiner's statement of reasons for allowance:

3. With regards to claims 1, 31, 64 and 70, the prior art of record fails to teach or render obvious a medical device comprising, inter alia, a body having a tapered distal end; and a needle backloaded into a needle guide channel formed in the body, wherein the needle has a leading end for penetrating tissue and a trailing end; wherein the tapered distal end of the body is closer to the leading end of the needle than to the trailing end. US 5,980,539 to Kontos discloses a medical device having a body formed with a needle guide channel, and a needle backloaded into the needle guide channel. However, Kontos does not teach a tapered distal end that is closer to a leading end of a needle. Instead, Kontos discloses the tapered distal end to be closer to the trailing end of the needle. One of ordinary skill in the art would not find it obvious to modify the

proximal end body portion of Kontos to be tapered because the proximal end portion is flanged in order to be used as a handle/grip portion.

4. With regards to claim 90, the prior art of record fails to teach or render obvious a medical comprising, inter alia, a body having a first and second needle guide channel that are circumferentially positioned around the body.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Darwin P. Erezo whose telephone number is (571)272-4695. The examiner can normally be reached on M-F (8:00-4:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jackie Ho can be reached on (571) 272-4696. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
